EXPLANATIONS.

After a Letter is once deposited in a post office it cannot be withdrawn therefrom, except by receipt of the person who wrote the superscription on the letter. After a Letter leaves the mailing office it belongs to the person addressed and can only be delivered to such person, or on his or her order for the same.

Great care must be practiced in the delivery of Registered Letters, which should be receipted for by the person addressed, if possible to obtain such receipt.

When a Registered Letter is addressed in care of another, such Registered Letter can be delivered to the person in whose care it is directed.

Letters addressed to persons deceased are only deliverable to the legal representatives of the person addressed, such as administrator, executor, administratrix or executrix.

Letters paid one full rate of postage, though not fully prepaid, can be forwarded to destination, at which place the unpaid single rate of postage can only be collected. Letters not paid one full rate of postage, or wholly unpaid, can be charged double the paid rate on delivery.

Initial and fictitious letters can not be delivered, but must be sent to the Dead Letter Office.

Letters or Circulars, concerning lotteries, gift concerts, or other similar enterprises, offering prizes, or schemes devised and intended to deceive and defraud the public for the purpose of obtaining money under false pretenses, are not mailable, and subject to penalty when mailed.

Circulars, not exceeding three in number, to one address, 2 cents; over three and not over six, 4 cents; over six and not over nine, 6 cents; over nine, and not exceeding twelve, 8 cents.

From Jan. 1st, 1874, all letters, or other mail matter, to or from members of Congress, or any of the Departments at Washington, must be prepaid the same as is charged to others.

Request envelopes, to be purchased of any post-master when desired, are a great assistance to the postal service in the rapid handling of mail matter, while it is an important saving to the purchaser, who can get a better quality of envelope for the same price, and save *something* in his yearly stationery account, as such envelopes are not usually so liberally used by his employees without being charged up to their account.

No loss need be had, as post-masters will redeem such envelopes at full face value if misdirected, on demand.

NEWSPAPERS.

Postage on papers to subscribers, when prepaid quarterly or yearly in advance, either at the mailing office or office of delivery, cts.

Six times per w'k, per qr. (3 mos.)			35
For tri-weekly,	"	"	30
For semi-weekly,	"	"	10
For weekly,	"	"	5

Weekly newspapers (one copy only) sent by the publisher to actual subscribers, by mail, within the county where printed and published, *free*.

Postage per quarter (to be paid quarterly or yearly in advance) on newspapers and periodicals *issued less* frequently than once a week, cts.

For 2 to 4 oz	1
For over 4 and to 8 oz	2
For over 8 and to 12 oz	3

A subscriber to a paper, periodical, etc., when he changes his residence, should notify the publisher.

A supplement can be sent in the regular issue of a paper addressed to a subscriber without additional charge, but such supplement must be of the same essential matter as the paper itself.

The postmaster shall notify the publisher of any newspaper or periodical, when any subscriber thereto shall refuse to take such newspaper or periodical from the office addressed, and the cause for the same, at the expiration of one month after its receipt at the office of delivery.

Box rents cannot be accepted for a less time than one quarter.

TRANSIENT PRINTED MATTER.

[*All* printed matter (except single copies of *newspapers, magazines, and periodicals* to regular subscribers) sent *via* Overland Mail, is to be charged at *letter postage* rates.]

Books 2 cents per 2 ounces, or fraction thereof, limited to 12 ounces.

News dealers may send newspapers and periodicals to regular subscribers at the quarterly rates, in the same manner as publishers, and may also receive them from publishers at subscribers' rates. In both cases the postage to be prepaid, either at the mailing or delivery office.

Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, must not be forwarded by postmasters unless prepaid at the mailing office at the rates of transient printed matter.

MISCELLANEOUS MATTER,

Embracing all pamphlets, occasional publications, transient newspapers, handbills and posters, book manuscripts and proof-sheets, whether corrected or not, maps, prints, engravings, sheet music, blanks, flexible patterns, samples and sample cards, phonographic paper, letter envelopes, postal envelopes or wrappers, cards, paper, plain or ornamental, photographic representations of different types, seeds, cuttings, bulbs, roots, and scions; the postage to be prepaid by stamps, is, one cent for each 2 oz. or fraction, limited to 4 lbs. On samples of merchandise, 2 cents for each 2 oz or fraction thereof, limited to 12 oz.

MONEY ORDERS.

Money orders, for any sum from one dollar to fifty dollars, can be purchased at all offices marked thus (*), for the following rates added to the amount of the order, viz:

On from	$1 to	$10		5 cents
"	"	10 "	20	10 "
"	"	20 "	30	15 "
"	"	30 "	40	20 "
"	"	40 "	50	25 "

No single order issued for more than $50, and not more than three orders issued in one day, payable at same office to same payee. None but Greenbacks or National Bank Notes are received or paid out on money orders.

Money orders when issued and mailed belong to the payee, and if lost a duplicate can only be obtained by consent of payee, though the remitter may make application for the same.

The payee of a money order may, by his written endorsement thereon, direct the payment to the person whose name is designated thereon, but more than one endorsement shall render the endorsement invalid.

Fractional currency or silver of any denomination up to sums of $5, unless so worn as to be uncurrent, is received by all postmasters in payment for quarterly postage, stamps, envelops or postal cards.

LOGAN'S

National Hotel Record.

[COPYRIGHTED.]

The following list of Hotels is selected and inserted by the Publishers without the previous knowledge of the owners of such Hotels, and hence are, what is claimed for them, viz: THE BEST HOTELS IN THOSE CITIES, ranging at none above $5 00 and none below $2 00 per day for complete accommodations, with the usual comparative reductions to guests for longer time, and no person patronizing either of these Hotels will ever regret their selection, and we here suggest to all publishers seeing this list, to copy from the same if they wish.

ST. LOUIS, MO.

SUBSTANTIAL BUSINESS MEN.

The following are the names and actual business pursuits, of the majority of reliable and enterprising men, in each of the kinds of business given; to whom we can refer the readers of this work as in every way the best, safest and promptest, with whom they can enter into business transactions, with the practical assurance of financial profit, from fair dealing. As *St. Louis* is now the acknowledged metropolis of the Western and Southern States and Territories, having a population of 475,000 souls—with a larger average taxable wealth, than any other city in America—with near 6,000 miles of river transportation, and direct transportation over competing lines of railroad to every point of the compass (and some between); it is but truth to say, that she has no *equal rival* as a manufacturing, merchandizing and universal distributing center, and hence all who deal with her citizens, find it advantageous to duplicate their transactions continually. The above is the *cast-iron* truth.
